

AUGUST 24-28, 2020

FREE DRIVE UP NITRATE SCREENING

Bring 1/2 cup water in a clean bottle to Manitowoc Co. Soil & Water Conservation Department or select locations!

Private well owners should have their water tested at least once per year. High nitrate levels in drinking water can be dangerous to your health, and are particularly harmful to infants and women who are pregnant.

Call: 920-683-4183 for more information!
